Material Specification

Corrugated steel pipe and coupling bands, delivered to Price, Utah 84501

1. Quantities

Item	Description	Quantity
1	Corrugated steel pipe, 18 in diameter x 12 ft length, 16 gauge, galvanized, ends rerolled annular for hugger bands	10 EA
2	Corrugated steel pipe, 18 in diameter x 20 ft length, 16 gauge, galvanized, ends rerolled annular for hugger bands	20 EA
3	Corrugated steel pipe, 24 in diameter x 12 ft length, 16 gauge, galvanized, ends rerolled annular for hugger bands	60 EA
4	Corrugated steel pipe, 24 in diameter x 20 ft length, 16 gauge, galvanized, ends rerolled annular for hugger bands	60 EA
5	Corrugated steel pipe, 36 in diameter x 20 ft length, 16 gauge, galvanized, ends rerolled annular for hugger bands	10 EA
6	Annular hugger band with bolts, 18 in	15 EA
7	Annular hugger band with bolts, 24 in	60 EA
8	Annular hugger band with bolts, 36 in	10 EA

Total 2,640 linear feet of pipe, approximately 25 short tons.

2. Pipe standard

Pipe shall conform to **AASHTO M 36**. Metallic coating shall conform to **AASHTO M 218**; M 196, M 274 or M 289 are equally acceptable. Helical corrugation with rerolled annular ends. **No specific corrugation profile is required**: the manufacturer's standard profile is acceptable provided the diameter, length, 16 gauge thickness, galvanization and band compatibility are met. A 2-2/3 in x 1/2 in profile is typical and acceptable.

3. Band standard

Annular hugger bands that mate with the rerolled annular pipe ends. Approximately **12 inches wide, H-12 style or approved equal**, galvanized steel, with bolt-bar-strap connectors, supplied complete with bolts. **O-ring gaskets are not required.** Band quantities above are correct as written and are not one per pipe.

4. Origin

Material must be of **United States origin**. We cannot accept Canadian-origin product on this order. Please state the country of origin and the mill location of the coil with your quotation.

5. Delivery

900 North 1100 East, Price, Utah 84501. All quantities within **60 days** of our purchase order. **Multiple truckloads and partial shipments are acceptable** within that window. Offloading equipment is on site; the yard has a locked gate, so the delivery date and window will be agreed with you in advance. Quote F.o.b. destination, or F.o.b. origin with the freight to 84501 stated separately as a lump sum and the number of trucks.

6. To be supplied with your quotation

Manufacturer technical data sheet showing diameter, length, gauge, galvanization and coupling band compatibility. Unit price per line, lead time from purchase order, how long the price stays firm, and your payment terms.
