252.232-7006	Wide Area WorkFlow Payment Instructions.	2023-01		

WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

(a) *Definitions.* As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) *Electronic invoicing.* The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access.* To access WAWF, the Contractor shall-

(1) Have a designated electronic business point of contact in the System for Award Management at https://www.sam.gov; and

(2) Be registered to use WAWF at https://wawf.eb.mil/ following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at https://wawf.eb.mil/

(e) *WAWF methods of document submission.* Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) *WAWF payment instructions.* The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) *Document type.* The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items-

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

COMBO D/D

(Contracting Officer: Insert applicable invoice and receiving report document type(s) for fixed price line items that require shipment of a deliverable.)

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

(Contracting Officer: Insert either "Invoice 2in1" or the applicable invoice and receiving report document type(s) for fixed price line items for services.)

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial financing, submit a commercial financing request.

(2)) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) *Document routing.* The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table*

Field Name in WAWF	*Data to be entered in WAWF*
Pay Official DoDAAC	HQ0490
Issue By DoDAAC	W911SD

LPO DoDAAC	———
DCAA Auditor DoDAAC	———
Other DoDAAC(s)	———

*(*Contracting Officer: Insert applicable DoDAAC information. If multiple ship to/acceptance locations apply, insert "See Schedule" or "Not applicable.")*

*(**Contracting Officer: If the contract provides for progress payments or performance-based payments, insert the DoDAAC for the contract administration office assigned the functions under FAR 42.302(a)(13).)*

(4) *Payment request.* The Contractor shall ensure a payment request includes documentation appropriate to the type of payment request in accordance with the payment clause, contract financing clause, or Federal Acquisition Regulation 52.216-7, Allowable Cost and Payment, as applicable.

(5) *Receiving report.* The Contractor shall ensure a receiving report meets the requirements of DFARS Appendix F.

(g) *WAWF point of contact.*

(1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity's WAWF point of contact.

Joe Paone
joseph.n.paone.civ@army.mil

(Contracting Officer: Insert applicable information or "Not applicable.")

(2) Contact the WAWF helpdesk at 866-618-5988, if assistance is needed.

FAR Clauses Incorporated by Full Text

Number	Title	Effective Date	Alternate Deviation	Variation Effective Date
52.217-6	Option for Increased Quantity.	1989-03		

Option for Increased Quantity (Mar 1989)

The Government may increase the quantity of supplies called for in the Schedule at the unit price specified. The Contracting Officer may exercise the option by written notice to the Contractor within ____[insert in the clause the period of time in which the Contracting Officer has to exercise the option]. Delivery of the added items shall continue at the same rate as the like items called for under the contract, unless the parties otherwise agree.

(End of clause)

52.217-7	Option for Increased Quantity-Separately Priced Line Item.	1989-03

Option for Increased Quantity-Separately Priced Line Item (Mar 1989)

The Government may require the delivery of the numbered line item, identified in the Schedule as an option item, in the quantity and at the price stated in the Schedule. The Contracting Officer may exercise the option by written notice to the Contractor within ____[insert in the clause the period of time in which the Contracting Officer has to exercise the option]. Delivery of added items shall continue at the same rate that like items are called for under the contract, unless the parties otherwise agree.

(End of clause)

52.217-8	Option to Extend Services.	1999-11

Option to Extend Services (Nov 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to

prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 60 days.

(End of clause)

52.217-9	Option to Extend the Term of the Contract.	2000-03

Option to Extend the Term of the Contract (Mar 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 60 days; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 5 years.

(End of clause)

52.219-14	Limitations on Subcontracting. (Deviation)	2026-02

Limitations on Subcontracting (Feb 2026) (Deviation)

(a) This clause does not apply to the unrestricted portion of a partial set-aside.

(b) Definition. Similarly situated entity, as used in this clause, means a first-tier subcontractor, including an independent contractor, that-

(1) Has the same small business program status as that which qualified the prime contractor for the award (e.g., for a small business set-aside contract, any small business concern, without regard to its socioeconomic status); and

(2) Is considered small for the size standard under the North American Industry Classification System (NAICS) code the prime contractor assigned to the subcontract.

(c) Applicability. This clause applies only to-

(1) Contracts that have been set aside for any of the small business concerns identified in 19.000(a)(3);

(2) Part or parts of a multiple-award contract that have been set aside for any of the small business concerns identified in 19.000(a)(3);

(3) Contracts that have been awarded on a sole-source basis in accordance with sections 19.105, 19.106, 19.107, and 19.108;

(4) Orders expected to exceed the simplified acquisition threshold and that are set aside for small business concerns under multiple-award contracts, as described in 8.4 and 16.5;

(5) Orders, regardless of dollar value, that are set aside in accordance with sections 19.105, 19.106, 19.107, and 19.108 under multiple-award contracts, as described in 8.4 and 16.5; and

(6) Contracts using the HUBZone price evaluation preference to award to a HUBZone small business concern unless the concern waived the evaluation preference.

(d) Independent contractors. An independent contractor shall be considered a subcontractor.

(e) By submission of an offer and execution of a contract, the Contractor agrees that in performance of a contract assigned a North American Industry Classification System (NAICS) code for-

(1) Services (except construction), it will not pay more than 50 percent of the amount paid by the Government for contract performance to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract;

(2) Supplies (other than procurement from a nonmanufacturer of such supplies), it will not pay more than 50 percent of the amount paid by the Government for contract performance,

excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both supplies and services, the 50 percent limitation shall apply only to the supply portion of the contract;

(3) General construction, it will not pay more than 85 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 85 percent subcontract amount that cannot be exceeded; or

(4) Construction by special trade contractors, it will not pay more than 75 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 75 percent subcontract amount that cannot be exceeded.

(f) The Contractor shall comply with the limitations on subcontracting as follows:

(1) For contracts, in accordance with paragraphs (c)(1), (2), (3) and (6) of this clause-

[Contracting Officer check as appropriate.]

[ ] By the end of the base term of the contract and then by the end of each subsequent option period; or

[ ] By the end of the performance period for each order issued under the contract.

(2) For orders, in accordance with paragraphs (c)(4) and (5) of this clause, by the end of the performance period for the order.

(g) A joint venture agrees that, in the performance of the contract, the applicable percentage specified in paragraph (e) of this clause will be performed by the aggregate of the joint venture participants.

(1) In a joint venture comprised of a small business protégé and its mentor approved by the Small Business Administration, the small business protégé shall perform at least 40 percent of the work performed by the joint venture. Work performed by the small business protégé in the

joint venture must be more than administrative functions.

(2) In an 8(a) joint venture, the 8(a) participant(s) shall perform at least 40 percent of the work performed by the joint venture. Work performed by the 8(a) participants in the joint venture must be more than administrative functions.

(End of clause)

52.225-1	Buy American-Supplies (Alternate I)	2026-02	Alternate I	2022-10

Alternate I (Oct 2022). As prescribed in 25.601(a)(1)(ii) substitute the following sentence for the first sentence of paragraph (1)(ii)(A) of the definition of "domestic end product" in paragraph (a):

(A) The cost of its components mined, produced, or manufactured in the United States exceeds _____ percent of the cost of all its components. [Contracting officer to insert the percentage.]

52.252-2	Clauses Incorporated by Reference.	1998-02

Clauses Incorporated By Reference (Feb 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es):

DFARS Clauses Incorporated by Full Text

Number	Title	Effective Date	Alternate Deviation	Variation Effective Date
252.211-7003	Item Unique Identification and Valuation.	2023-01		

ITEM UNIQUE IDENTIFICATION AND VALUATION (JAN 2023)

(a) Definitions. As used in this clause-

"Automatic identification device" means a device, such as a reader or interrogator, used to retrieve data encoded on machine-readable media.

"Concatenated unique item identifier" means-

(1) For items that are serialized within the enterprise identifier, the linking together of the unique identifier data elements in order of the issuing agency code, enterprise identifier, and unique serial number within the enterprise identifier; or

(2) For items that are serialized within the original part, lot, or batch number, the linking together of the unique identifier data elements in order of the issuing agency code; enterprise identifier; original part, lot, or batch number; and serial number within the original part, lot, or

batch number.

"Data matrix" means a two-dimensional matrix symbology, which is made up of square or, in some cases, round modules arranged within a perimeter finder pattern and uses the Error Checking and Correction 200 (ECC200) specification found within International Standards Organization (ISO)/International Electrotechnical Commission (IEC) 16022.

"Data qualifier" means a specified character (or string of characters) that immediately precedes a data field that defines the general category or intended use of the data that follows.

"DoD recognized unique identification equivalent" means a unique identification method that is in commercial use and has been recognized by DoD. All DoD recognized unique identification equivalents are listed at https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html.

"DoD item unique identification" means a system of marking items delivered to DoD with unique item identifiers that have machine-readable data elements to distinguish an item from all other like and unlike items. For items that are serialized within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier and a unique serial number. For items that are serialized within the part, lot, or batch number within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier; the original part, lot, or batch number; and the serial number.

" Enterprise " means the entity (e.g., a manufacturer or vendor) responsible for assigning unique item identifiers to items.

" Enterprise identifier" means a code that is uniquely assigned to an enterprise by an issuing agency.

"Government's unit acquisition cost" means-

(1) For fixed-price type line, subline, or exhibit line items, the unit price identified in the contract at the time of delivery;

(2) For cost-type or undefinitized line, subline, or exhibit line items, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery; and

(3) For items produced under a time-and-materials contract, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery.

"Issuing agency" means an organization responsible for assigning a globally unique identifier to an enterprise, as indicated in the Register of Issuing Agency Codes for ISO/IEC 15459, located at http://www.aimglobal.org/?Reg_Authority15459.

"Issuing agency code" means a code that designates the registration (or controlling) authority for the enterprise identifier.

"Item" means a single hardware article or a single unit formed by a grouping of subassemblies, components, or constituent parts.

" Lot or batch number" means an identifying number assigned by the enterprise to a designated group of items, usually referred to as either a lot or a batch, all of which were manufactured under identical conditions.

"Machine-readable" means an automatic identification technology media, such as bar codes, contact memory buttons, radio frequency identification, or optical memory cards.

"Original part number" means a combination of numbers or letters assigned by the enterprise at item creation to a class of items with the same form, fit, function, and interface.

"Parent item" means the item assembly, intermediate component, or subassembly that has an embedded item with a unique item identifier or DoD recognized unique identification equivalent.

"Serial number within the enterprise identifier" means a combination of numbers, letters, or symbols assigned by the enterprise to an item that provides for the differentiation of that item from any other like and unlike item and is never used again within the enterprise.

"Serial number within the part, lot, or batch number" means a combination of numbers or letters assigned by the enterprise to an item that provides for the differentiation of that item from any other like item within a part, lot, or batch number assignment.

"Serialization within the enterprise identifier" means each item produced is assigned a serial number that is unique among all the tangible items produced by the enterprise and is never used again. The enterprise is responsible for ensuring unique serialization within the enterprise identifier.

"Serialization within the part, lot, or batch number" means each item of a particular part, lot, or batch number is assigned a unique serial number within that part, lot, or batch number assignment. The enterprise is responsible for ensuring unique serialization within the part, lot,

or batch number within the enterprise identifier.

"Type designation" means a combination of letters and numerals assigned by the Government to a major end item, assembly or subassembly, as appropriate, to provide a convenient means of differentiating between items having the same basic name and to indicate modifications and changes thereto.

"Unique item identifier" means a set of data elements marked on items that is globally unique and unambiguous. The term includes a concatenated unique item identifier or a DoD recognized unique identification equivalent.

"Unique item identifier type" means a designator to indicate which method of uniquely identifying a part has been used. The current list of accepted unique item identifier types is maintained at https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html.

(b) The Contractor shall deliver all items under a contract line, subline, or exhibit line item.

(c) Unique item identifier.

(1) The Contractor shall provide a unique item identifier for the following:

(i) Delivered items for which the Government's unit acquisition cost is $5,000 or more, except for the following line items:

Contract Line, Subline, or

Exhibit Line Item Number Item Description

____ ____

____ ____

____ ____

(ii) Items for which the Government's unit acquisition cost is less than $5,000 that are identified in the Schedule or the following table:

Contract Line, Subline, or

Exhibit Line Item Number Item Description

____ ____

____ ____

____ ____

(If items are identified in the Schedule, insert "See Schedule in this table.)

(iii) Subassemblies, components, and parts embedded within delivered items, items with warranty requirements, DoD serially managed reparables and DoD serially managed nonreparables as specified in Attachment Number ____.

(iv) Any item of special tooling or special test equipment as defined in FAR 2.101 that have been designated for preservation and storage for a Major Defense Acquisition Program as specified in Attachment Number ____.

(v) Any item not included in (i), (ii), (iii), or (iv) for which the contractor creates and marks a unique item identifier for traceability.

(2) The unique item identifier assignment and its component data element combination shall not be duplicated on any other item marked or registered in the DoD Item Unique Identification Registry by the contractor.

(3) The unique item identifier component data elements shall be marked on an item using two dimensional data matrix symbology that complies with ISO/IEC International Standard 16022, Information technology - International symbology specification - Data matrix; ECC200 data matrix specification.

(4) Data syntax and semantics of unique item identifiers. The Contractor shall ensure that-

(i) The data elements (except issuing agency code) of the unique item identifier are encoded within the data matrix symbol that is marked on the item using one of the following three types of data qualifiers, as determined by the Contractor:

(A) Application Identifiers (AIs) (Format Indicator 05 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology - EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data

Identifier and Application Identifier Standard.

(B) Data Identifiers (DIs) (Format Indicator 06 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology - EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(C) Text Element Identifiers (TEIs) (Format Indicator 12 of ISO/IEC International Standard 15434), in accordance with the Air Transport Association Common Support Data Dictionary; and

(ii) The encoded data elements of the unique item identifier conform to the transfer structure, syntax, and coding of messages and data formats specified for Format Indicators 05, 06, and 12 in ISO/IEC International Standard 15434, Information Technology - Transfer Syntax for High Capacity Automatic Data Capture Media.

(5) Unique item identifier.

(i) The Contractor shall-

(A) Determine whether to-

(1) Serialize within the enterprise identifier;

(2) Serialize within the part, lot, or batch number; or

(3) Use a DoD recognized unique identification equivalent (e.g. Vehicle Identification Number); and

(B) Place the data elements of the unique item identifier (enterprise identifier; serial number; DoD recognized unique identification equivalent; and for serialization within the part, lot, or batch number only: original part, lot, or batch number) on items requiring marking by paragraph (c)(1) of this clause, based on the criteria provided in MIL-STD-130, Identification Marking of U. S. Military Property, latest version;

(C) Label shipments, storage containers and packages that contain uniquely identified items in accordance with the requirements of MIL-STD-129, Military Marking for Shipment and Storage, latest version; and

(D) Verify that the marks on items and labels on shipments, storage containers, and packages are machine readable and conform to the applicable standards. The contractor shall use an automatic identification technology device for this verification that has been programmed to the requirements of Appendix A, MIL-STD-130, latest version.

(ii) The issuing agency code-

(A) Shall not be placed on the item; and

(B) Shall be derived from the data qualifier for the enterprise identifier.

(d) For each item that requires item unique identification under paragraph (c)(1)(i), (ii), or (iv) of this clause or when item unique identification is provided under paragraph (c)(1)(v), in addition to the information provided as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the Contractor shall report at the time of delivery, as part of the Material Inspection and Receiving Report, the following information:

(1) Unique item identifier.

(2) Unique item identifier type.

(3) Issuing agency code (if concatenated unique item identifier is used).

(4) Enterprise identifier (if concatenated unique item identifier is used).

(5) Original part number (if there is serialization within the original part number).

(6) Lot or batch number (if there is serialization within the lot or batch number).

(7) Current part number (optional and only if not the same as the original part number).

(8) Current part number effective date (optional and only if current part number is used).

(9) Serial number (if concatenated unique item identifier is used).

(10) Government's unit acquisition cost.

(11) Unit of measure.

(12) Type designation of the item as specified in the contract schedule, if any.

(13) Whether the item is an item of Special Tooling or Special Test Equipment.

(14) Whether the item is covered by a warranty.

(e) For embedded subassemblies, components, and parts that require DoD item unique identification under paragraph (c)(1)(iii) of this clause or when item unique identification is provided under paragraph (c)(1)(v), the Contractor shall report as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the following information:

(1) Unique item identifier of the parent item under paragraph (c)(1) of this clause that contains the embedded subassembly, component, or part.

(2) Unique item identifier of the embedded subassembly, component, or part.

(3) Unique item identifier type.**

(4) Issuing agency code (if concatenated unique item

identifier is used).**

(5) Enterprise identifier (if concatenated unique item identifier is used).**

(6) Original part number (if there is serialization within the original part number).**

(7) Lot or batch number (if there is serialization within the lot or batch number).**

(8) Current part number (optional and only if not the same as the original part number).**

(9) Current part number effective date (optional and only if current part number is used).**

(10) Serial number (if concatenated unique item identifier is used).**

(11) Description.

** Once per item.

(f) The Contractor shall submit the information required by paragraphs (d) and (e) of this clause

as follows:

(1) End items shall be reported using the receiving report capability in Wide Area WorkFlow (WAWF) in accordance with the clause at 252.232-7003. If WAWF is not required by this contract, and the contractor is not using WAWF, follow the procedures at http://dodprocurementtoolbox.com/site/uidregistry/.

(2) Embedded items shall be reported by one of the following methods-

(i) Use of the embedded items capability in WAWF;

(ii) Direct data submission to the IUID Registry following the procedures and formats at http://dodprocurementtoolbox.com/site/uidregistry/; or

(iii) Via WAWF as a deliverable attachment for exhibit line item number (fill in) ____, Unique Item Identifier Report for Embedded Items, Contract Data Requirements List, DD Form 1423.

(g) Subcontracts. If the Contractor acquires by subcontract, any item(s) for which item unique identification is required in accordance with paragraph (c)(1) of this clause, the Contractor shall include this clause, including this paragraph (g), in the applicable subcontract(s), including subcontracts for commercial products or commercial services.

(End of clause)

252.232-7007	Limitation of Government's Obligation.	2014-04

LIMITATION OF GOVERNMENT'S OBLIGATION (APR 2014)

(a) Contract line item(s) ____[Contracting Officer insert after negotiations] is/are incrementally funded. For this/these item(s), the sum of $ ____[Contracting Officer insert after negotiations] of the total price is presently available for payment and allotted to this contract. An allotment schedule is set forth in paragraph (j) of this clause.

(b) For item(s) identified in paragraph (a) of this clause, the Contractor agrees to perform up to

the point at which the total amount payable by the Government, including reimbursement in the event of termination of those item(s) for the Government's convenience, approximates the total amount currently allotted to the contract. The Contractor is not authorized to continue work on those item(s) beyond that point. The Government will not be obligated in any event to reimburse the Contractor in excess of the amount allotted to the contract for those item(s) regardless of anything to the contrary in the clause entitled "Termination for Convenience of the Government." As used in this clause, the total amount payable by the Government in the event of termination of applicable contract line item(s) for convenience includes costs, profit, and estimated termination settlement costs for those item(s).

(c) Notwithstanding the dates specified in the allotment schedule in paragraph (j) of this clause, the Contractor will notify the Contracting Officer in writing at least ninety days prior to the date when, in the Contractor's best judgment, the work will reach the point at which the total amount payable by the Government, including any cost for termination for convenience, will approximate 85 percent of the total amount then allotted to the contract for performance of the applicable item(s). The notification will state (1) the estimated date when that point will be reached and (2) an estimate of additional funding, if any, needed to continue performance of applicable line items up to the next scheduled date for allotment of funds identified in paragraph (j) of this clause, or to a mutually agreed upon substitute date. The notification will also advise the Contracting Officer of the estimated amount of additional funds that will be required for the timely performance of the item(s) funded pursuant to this clause, for a subsequent period as may be specified in the allotment schedule in paragraph (j) of this clause or otherwise agreed to by the parties. If after such notification additional funds are not allotted by the date identified in the Contractor's notification, or by an agreed substitute date, the Contracting Officer will terminate any item(s) for which additional funds have not been allotted, pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(d) When additional funds are allotted for continued performance of the contract line item(s) identified in paragraph (a) of this clause, the parties will agree as to the period of contract performance which will be covered by the funds. The provisions of paragraphs (b) through (d) of this clause will apply in like manner to the additional allotted funds and agreed substitute date, and the contract will be modified accordingly.

(e) If, solely by reason of failure of the Government to allot additional funds, by the dates indicated below, in amounts sufficient for timely performance of the contract line item(s) identified in paragraph (a) of this clause, the Contractor incurs additional costs or is delayed in the performance of the work under this contract and if additional funds are allotted, an equitable adjustment will be made in the price or prices (including appropriate target, billing, and ceiling prices where applicable) of the item(s), or in the time of delivery, or both. Failure to agree to any

such equitable adjustment hereunder will be a dispute concerning a question of fact within the meaning of the clause entitled "Disputes."

(f) The Government may at any time prior to termination allot additional funds for the performance of the contract line item(s) identified in paragraph (a) of this clause.

(g) The termination provisions of this clause do not limit the rights of the Government under the clause entitled "Default." The provisions of this clause are limited to the work and allotment of funds for the contract line item(s) set forth in paragraph (a) of this clause. This clause no longer applies once the contract is fully funded except with regard to the rights or obligations of the parties concerning equitable adjustments negotiated under paragraphs (d) and (e) of this clause.

(h) Nothing in this clause affects the right of the Government to terminate this contract pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(i) Nothing in this clause shall be construed as authorization of voluntary services whose acceptance is otherwise prohibited under 31 U.S.C. 1342.

(j) The parties contemplate that the Government will allot funds to this contract in accordance with the following schedule:

On execution of contract	$ ____
(month) (day), (year) ____	$ ____
(month) (day), (year) ____	$ ____
(month) (day), (year) ____	$ ____

52.229-11	Tax on Certain Foreign Procurements-Notice and Representation.	2020-06		

Tax on Certain Foreign Procurements-Notice and Representation (Jun 2020)

(a) Definitions. As used in this provision-

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area of the United States.

United States person as defined in 26 U.S.C. 7701(a)(30) means

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and

(5) Any trust if-

(i) A court within the United States is able to exercise primary supervision over the

administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror may claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service (IRS) Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that

(1) It [ ] is [ ] is not a foreign person; and

(2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that-I am claiming on the IRS Form W-14 [ ] a full exemption, or [ ] partial or no exemption [Offeror must select one] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then-

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the IRS as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to https://www.irs.gov/help/tax-law-questions.

(End of provision)

DFARS Provisions Incorporated by Full Text

Number	Title	Effective Date	Alternate Deviation	Variation Effective Date
252.204-7017	Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services-Representation.	2021-05		

PROHIBITION ON THE ACQUISITION OF COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES-REPRESENTATION (MAY 2021)

The Offeror is not required to complete the representation in this provision if the Offeror has represented in the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument."

(a) Definitions. "Covered defense telecommunications equipment or services," "covered mission," "critical technology," and "substantial or essential component," as used in this provision, have the meanings given in the 252.204-7018 clause, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services, of this solicitation.

(b) Prohibition. Section 1656 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits agencies from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) Procedures. The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at https://www.sam.gov for entities that are excluded when providing any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless a waiver is granted.

(d) Representation. If in its annual representations and certifications in SAM the Offeror has represented in paragraph (c) of the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does" provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument, then the Offeror shall complete the following additional representation:

The Offeror represents that it [ ] will [ ] will not provide covered defense telecommunications equipment or services as a part of its offered products or services to DoD in the performance of any award resulting from this solicitation.

(e) Disclosures. If the Offeror has represented in paragraph (d) of this provision that it "will provide covered defense telecommunications equipment or services," the Offeror shall provide the following information as part of the offer:

(1) A description of all covered defense telecommunications equipment and services offered (include brand or manufacturer; product, such as model number, original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable).

(2) An explanation of the proposed use of covered defense telecommunications equipment and services and any factors relevant to determining if such use would be permissible under the prohibition referenced in paragraph (b) of this provision.

(3) For services, the entity providing the covered defense telecommunications services (include entity name, unique entity identifier, and Commercial and Government Entity (CAGE) code, if

known).

(4) For equipment, the entity that produced or provided the covered defense telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known).

Section M - Evaluation Factors for Award

FAR Provisions Incorporated by Full Text

Number	Title	Effective Date	Alternate Deviation	Variation Effective Date
52.212-2	Evaluation-Commercial Products and Commercial Services. (Deviation)	2026-02		

Evaluation-Commercial Products and Commercial Services (Feb 2026) (Deviation)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

Factor 1 - Sample. The Sample will receive a rating defined below.

TECHNICAL ACCEPTABLE/UNACCEPTABLE RATINGS

Rating Definition

Acceptable Proposal meets the requirements of the solicitation

Unacceptable Proposal does not meet the requirements of the solicitation

An acceptable rating requires strict adherence to all robe specifications, encompassing materials, dimensions, color, and overall design. No material substitutions or design variations will be permitted.

Factor 2 - Price. Price will be scored or rated. Evaluation of price will be performed using one or more of the price analysis techniques in FAR 13.106-3(a). Through these techniques the Government will determine whether prices are reasonable. Samples will be evaluated in accordance with the specifications attached in this solicitation.

Only quotes utilizing the exact specified material will be considered. USMA will not provide manufacturing materials, and product substitutions of any kind are strictly prohibited.

(b) *Options (if applicable)*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award*. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

INCH-POUND
WP-PD-24-001

PURCHASE DESCRIPTION

ROBE, DRESSING, CADET

1. SCOPE

1.1 Scope. This purchase description covers the requirements for a French terry cloth made from 100 percent cotton fiber. The dressing robe intended for wear by personnel of the United States Military Academy (USMA) at West Point.

1.2 Classification. The robe will be available in one (1) type in the sizes specified in 1.2.1.

1.2.1 Sizes. The robe sizes will be as follows:

X-Small, Small, Medium, Large, X-large, XX-Large

NOTE: The above sizes may be abbreviated as XS, S, M, L,XL and XXL

1.2.1.1 Sizes for belts shall be as follows:

Style	A	"Belt-Small"	XS, S,
Style	B	"Belt"	M, L, XL and XXL

2. APPLICABLE DOCUMENTS

2.1 General. The documents listed in this section are specified in sections 3 or 4 of this specification. This section does not include documents cited in other sections of this specification or recommended for additional information or as examples. While every effort has been made to ensure the completeness of this list, document users are cautioned that they must meet all specified requirements cited in sections 3 or 4 of this specification, whether or not they are listed.

2.2 Government documents.

Comments, suggestions, or questions on this document should be addressed to: Department of the U.S. Army, DEVCOM - Soldier Center, ATTN: FCDD-SCD-PEI, 10 General Greene Avenue, Natick, MA 01760-5019, and the Cadet Uniform Factory, 687 Rogers Place, West Point, NY, 10996, ATTN: ASCE-LWP-CU.

AMSC N/A FSC 8405

DISTRIBUTION STATEMENT A. Approved for public release. Distribution is unlimited.

2.2.1 Specifications, standards, and handbooks. The following specifications, standards, and handbooks form a part of this document to the extent specified herein. Unless otherwise specified, the issues of these documents are those listed in the solicitation or contract (see 6.2).

COMMERCIAL ITEM DESCRIPTIONS

A-A-50199 - Thread, Polyester Core, Cotton or polyester covered

DEPARTMENT OF DEFENSE SPECIFICATIONS

MIL-B-13466 - Braid, Textile and Lace, Vellum, Woven, Textile
MIL-DTL-32075 - Label: For Clothing, Equipage and Tentage (General Use)

(Copies of these documents are available online at http://quicksearch.dla.mil)

2.3 Non-Government publications. The following documents form a part of this document to the extent specified herein. Unless otherwise specified, the issues of these documents are those cited in the solicitation or contract (see 6.2).

AMERICAN ASSOCIATION OF TEXTILE CHEMISTS AND COLORISTS (AATCC)

AATCC EP1 - Evaluation Procedure for Gray Scale for Color Change
AATCC EP2 - Evaluation Procedure for Gray Scale for Staining
AATCC EP9 - Evaluation Procedure for AATCC 9-Step Chromatic Transference Scale Rating
AATCC TM8 - Colorfastness to Crocking: AATCC Crockmeter Method
AATCC TM15 - Colorfastness to Perspiration
AATCC TM61 - Colorfastness to Laundering, Accelerated
AATCC TM107 - Colorfastness to Water
AATCC TM135 - Dimensional Changes of Fabrics after Home Launderings

(Copies of these documents are available online at https://aatcc.org)

AMERICAN SOCIETY FOR QUALITY (ASQ)

ASQ/ANSI Z1.4 - Sampling Procedures and Tables for Inspection by Attributes

(Copies of this document are available online at http://asq.org).

ASTM INTERNATIONAL

ASTM D3776/D3776M - Standard Test methods for mass per Unit Area (Weight) of Fabric
ASTM D3787 - Standard Test methods for Bursting Strength of Textiles – Constant Rate-of Traverse (CRT) Ball Burst Test
ASTM D3990 - Standard Terminology Relating to Fabric Defects
ASTM D6193 - Standard Practice for Stitches and Seams

(Copies of these documents are available online at https://www.astm.org)

2.4 Order of precedence. Unless otherwise noted herein or in the contract, in the event of a conflict between the text of this document and the references cited herein, the text of this document takes precedence. Nothing in this document, however, supersedes applicable laws and regulations unless a specific exemption has been obtained.

3. REQUIREMENTS

3.1 First article. When specified (see 6.2), a sample shall be subjected to first article inspection in accordance with 4.2.

3.2 Conformance inspection. When specified (see 6.2), a sample shall be subjected to conformance inspection in accordance with 4.3.

3.3 Component and end item inspection. When specified (see 6.2), a sample shall be subjected to component and end item inspection in accordance with 4.4.1

3.4 Standard sample. Unless otherwise indicated, the finished dress coat shall match the standard sample for shade and appearance and shall be equal to or better than the standard sample with respect to all characteristics for which the standard sample is referenced (see 6.4) when tested as specified in 4.5.1.

3.5 Recycled, recovered, environmentally preferable, or biobased materials. Recycled, recovered, environmentally preferable, or biobased materials should be used to the maximum extent possible, provided that the material meets or exceeds the operational and maintenance requirements, and promotes economically advantageous life cycle costs.

3.6 Design. The robe shall be a medium-length, wrap-around style with a shawl collar, three (3) patch pockets; one (1) on the left (as worn) chest and one (1) on each side of the lower front, long sleeves, a hanger loop and a separate belt with pointed ends. The pockets, collar and fronts are trimmed with edge cord. The collar and fronts shall be faced. The West Point embroidered emblem shall be sewn to the chest pocket.

3.7 Materials.

3.7.1 Basic material. The basic material for the robe shall be 100 percent cotton. The color of the basic material shall be black and shall match the standard sample when tested as specified in Table I. Pre-cut pieces of the basic material shall be provided by the Government. The basic

material shall meet the physical requirements in Table I when tested as specified in Table

3.5 Color. The basic material color shall be black.

3.5.1 Labile sulfur. Dyes and compounds containing elementary sulfur capable of oxidation to sulfuric acid shall not be used. The dyed cotton shall be "Free" of labile sulfur when tested as specified in 4.6.1.

3.6 Physical requirements. The fabric shall be a single-sided napped French terry made from 100 percent cotton fiber and shall meet the requirements stated in Table I when tested as specified in 4.4.

TABLE I. Physical requirements for basic material.

Characteristic	Requirement
Weight, (ounces/linear yard)	12 (± 1.0)
Fabric yarn count	
Wales	26 to 27
Courses	36 to 37
Bursting strength (pounds) (minimum)	40
Dimensional stability (percent) (maximum)	
Wales	5
Courses	5
Colorfastness to (minimum)	
Laundering (3 cycles)	
Color change	4-5
Staining	
Cotton	4
Polyester	3
Crocking	
Dry	4
Wet	3
Perspiration	
Color change	4
Staining	
Cotton	4
Polyester	3
Water	
Color change	4-5
Staining	
Cotton	4
Polyester	3
Finish	1/

1/ The finished cloth shall exhibit no dermatological or toxic effects to the users. The supplier is responsible for certification that the finished product is composed of materials which have been safely used commercially or provide sufficient toxicity data to show compatibility with

prolonged direct skin contact (see 3.13).

3.5.4 Embroidered emblem. The finished embroidered emblem on chest pocket shall match the embroidery file for size, stitch count, and finished appearance. The colors for the embroidered emblem shall be Black PF900, Blue PF367, White PF800, Gold PF 523, Red PF701 and Gray PF486. The embroidered emblem shall be provided by the Government.

3.6 Components.

3.6.1 Thread. The thread for all seaming and stitching shall polyester core, cotton or polyester-covered Tex 31-35 conforming to A-A-50199. The color shall be a good match to the basic material and show good colorfastness to laundering. The thread shall have no chemical finishes or treatments other than those commonly used on commercial threads.

3.6.2 Braid.

3.6.2.1 Sleeve and pocket ornamentation. The sleeves and pockets ornamentation braid shall be 1/8-inch wide soutache braid, ELC Industries gold 346 (Nylon) conforming to Type I, Class 1 of MIL-B-13466. Sufficient lengths of the soutache braid shall be provided by the Government.

3.6.2.2 Cord edge braid. The collar and fronts shall be edged with ELC Industries gold 346 (Nylon) cord edge braid, 3/32-inch wide conforming to Type I, Class 2 of MIL-B-13466. Sufficient lengths of the cord edge braid shall be provided by the Government.

3.6.3 Embroidered emblem. The embroidered emblem (see 3.4.2) shall be sewn to the chest pocket prior to attaching the pocket to the robe and in accordance with the placement instructions in Figure 1. The finished dimensions of the pocket shall be 5-1/4 (± 1/8) x5 (± 1/8).

3.7 Barcoded labels. The Government shall provide barcoded labels. The label shall include the size, the local Stock number; 840501Y503802, and a bar-coded element indicating the local stock number. The label shall be sewn into the left facing (as worn) with the top edge of the label 18-1/2 (± 1/2) inches from the hem. The labels shall show no signs of fading or delamination when tested as specified in 4.4.3.

3.8 Construction.

3.8.1 Hanger loop. The hanger shall be made from basic material and shall finish 1/2 (± 1/16) inch wide by 5 (1/8) inches long. The hanger loop shall be folded in half and sewn into the collar joining seam at the center back. The ends of the hanger loop shall not be stacked but will lay side by side.

3.8.2 Pockets. The pockets shall have the soutache braid attached prior to attaching to the robe. The braid shall be attached in accordance with pattern notches and instructions in Figure 2.

The pockets shall have a single fold hem at the top and shall have square corners. The chest pocket hem shall be 1-1/4 (± 1/8) and the finished dimensions shall be 5 (± 1/8) wide by 5-1/2 (± 1/8) long. The lower pocket hem shall be 1-1/2 (± 1/8) and the finished dimensions shall be 6-1/4 (± 1/8) wide by 6-1/2 (± 1/8) long. Topstitching of the pockets shall be 1/8 (± 1/16) inch from edge and shall be backstitched 1/4 to 3/8-inch at the upper corners.

3.8.3 Collar and front facing. The fusible interlining (see 3.5.2) shall be applied to the collar and front facing piece. The cord-edge braid shall be applied to the full length of the collar and front facing. Topstitching of the facing shall be 1/8 (± 1/6) from edge.

3.8.4 Belt. The belt shall have two sizes be made of basic fabric, cut from one (1) piece of fabric and folded lengthwise forming pointed ends. It shall measure 2 (± 1/4) inches wide by 68 (± 1/4) inches long for sizes XS and S, and 74 (± 1/4) inches long for sizes M, L, XL and XXL. Only the seamed edge of the belt shall be topstitched 1/4 (± 1/16) inch from the edge. Belt length measurement is taken from point to point.

3.8.5 Belt loops. There shall be two (2) belt loops; one (1) on each side as indicated on the pattern. The belt loops shall be made from basic material and shall finish 1/2 (± 1/16) inch wide. The cut length for each belt loop shall be 4-3/4 (± 1/8) inches. Turn under 1/2-inch on each end and attach to robe. The ends of each belt loop shall be topstitched 1/8 to 3/16-inch from the fold.

3.8.6 Hems.

3.8.6.1 Sleeve hem. The sleeve hems shall be single fold and shall be 1-5/8 (± 1/8) wide. The sleeves shall be hemmed and the soutache braid attached prior to sewing the underarm seam. The underarm seam shall be turned to one (1) side and bar tacked or backstitched to secure the seam to the sleeve hem.

3.8.6.2 Bottom hem. The bottom hem shall be single fold and shall be 1-1/4 (± 1/8) inches wide. The stitching shall be 1 to 1-1/8 inches from the folded edge. The hem shall be turned up and finish behind the front facing.

3.9 Figures. Figures 1 and 2 are not true to size but designated measurements are actual and are furnished for informational purposes only. If there are inconsistencies between the figures and the specification the specification will govern.

3.10 Patterns. The Government can supply a complete set of patterns which provide for an allowance of 3/8-inch for all seams upon request. The Government patterns may be used to create the contractor's working patterns. Minor modifications are permitted to accommodate automatic equipment, however the design and all measurements shall be maintained as specified by the Government.

3.10.1 List of pattern parts. The component parts of the robe shall be cut from materials specified in accordance with the number of parts indicated in Table II.

TABLE II. List of pattern parts.

Material	Nomenclature	Cutting Direction	Cut parts
Basic material C0320	Front 1/	All pattern pieces are cut following the selvage. All grainlines follow the warp direction.	2
	Back 1/		1
	Sleeve		2
	Chest pocket		1
	Lower pocket		2
	Facing		4
	Belt		1
	Belt - small		1

1/ Front and back may be combined and cut as one (1) piece for sizes XS, S, M, and L.

3.11 Stitches and Seams. All stitches, seams and stitching shall conform to ASTM D6193. All seams shall start and finish evenly. All seams that junction shall meet within 1/4-inch. Repairs such as mends, darns, patches or splices are not permitted. All 301 stitching shall have a minimum 10-12 stitches per inch. For overedge stitching (stitch type 502 and 514), the stitches per inch shall be a minimum 8-12. Unless otherwise specified all topstitching shall be 1/8-inch from folded edge. The shoulder, sleeve, and armhole seams shall be clean finished with an overedge stitch. Seams required to be forced out and having a depth between the fold of 1/8-inch or greater, shall be considered a defect. All stitched seams shall allow for maximum stretch without cracking or any restrictions.

THIS SPACE INTENTIONALLY LEFT BLANK

3.12 Finished measurements. The robe shall conform to the finished measurements in Table III when measured as specified in Table IV.

TABLE III. Finished measurements (inches).

Size	Sleeve length (A)	Back length (B)	Shoulder length (C)	Sweep length (D)	Sleeve opening (E)	Armhole opening (F)
X-Small	23.00	42.00	16.00	52.00	6.5	11.0
Small	24.00	44.00	17.00	53.00	6.5	11.0
Medium	25.00	46.00	18.00	54.00	6.5	11.0
Large	26.00	50.00	19.00	55.00	7.0	11.50
X-large	28.00	55.00	21.00	62.00	7.0	11.50
XX-large	x	x	x	x	x	x
Tolerance	± 1/4	± 1/2	± 1/4	± 1/2	± 1/8	± 1/8

TABLE IV. Method of measuring.

(A) Sleeve length	Measure along underarm seam from armhole seam to bottom of sleeve
(B) Back length	Measure center back from collar joining seam to bottom of robe
(C) Shoulder length	Measure along shoulder seam from collar joining seam to armhole seam
(D) Sweep length	Measure at the bottom of the garment from end to end.
(E) Sleeve opening	Measure along bottom of sleeve from folded edge to folded edge
(F) Armhole opening	Measure in a straight line from shoulder seam to underarm seam.

NOTE: Measurements shall be taken with robe lying flat but not stretched.

3.13 Toxicity. Unless otherwise specified in the contract or procurement documents, the finished cloths shall not present a health hazard and shall show compatibility with prolonged, direct skin contact when tested as specified in 4.5.3.

3.14 Workmanship. The finished robes shall conform to the quality of product established by this specification. The robe shall be free from all defects as specified in Table V which would affect its serviceability, appearance and uniformity.

4. VERIFICATION

4.1 Classification of inspections. The inspection requirements specified herein are classified as follows:

a. First article inspection (see 4.2).
b. Conformance inspection (see 4.3).
c. Component and end item inspections (see 4.4).

4.1.1 Inspection conditions. Unless otherwise specified, excluded, amended, modified, or qualified in this PD or applicable procurement documents (see 6.2), all inspections shall be performed in accordance with all the requirements of referenced documents.

4.2 First article inspection. The first article, submitted in accordance with 3.1.1, shall be inspected for design, examined for color and appearance in 3.2, finished dimensions in 3.9, finished defects in 4.5.1, and tested as specified in 4.5.3. The presence of excessive defects, as defined by contract (see 6.2) or failure to pass any test shall be cause for rejection of the first article. The sample size shall be specified in the procurement document (see 6.2). The sample unit shall be one (1) robe and the lot size shall be expressed in units of robes.

4.3 Conformance inspection. Conformance inspection shall include the examination of defects as specified in 4.5.1, finished measurements in 3.9, and the tests in 4.5.3. Sampling for inspection shall be performed in accordance with ASQ/ANSI Z1.4 and Acceptance Quality Limits (AQL) as defined in the contract and/order, except where otherwise indicated (see 6.2).

4.4 Component and end item inspection. In accordance with 4.1, components and end items shall be tested in accordance with all the requirements of referenced documents unless otherwise excluded, amended, modified, or qualified in this document or applicable procurement documents. The Government reserves the right to inspect and test all components and end items to determine conformance to requirements.

4.5 End item visual examination. Each robe shall be examined for the defects listed in Table IV. The lot shall be expressed in units of robes. All fabric and garment defects shall be scored in accordance with Table V which are clearly noticeable at normal viewing and affect serviceability and appearance of the finished robe. Material defects are defined in ASTM 3990. If needed, closer inspection will be performed to verify compliance to specification requirements. Shade shall be evaluated at a distance of 3-feet.

THIS SPACE INTENTIONALLY LEFT BLANK

TABLE V. End item visual defects.

Examination	Defect	Classification	
		Major	Minor
Material	Any hole, cut, tear, mend, run, drop stitch, loose knit, thin space, missing knit, knitted waste	101	
	Any spot or stain	102	
	Permanent folds, pleats or creases	103	
	Color not as specified or streaked	104	
	Knots greater than Fabric Defect Replica Scale Level C (see 2.3)	105	
	Slubs greater than fabric Defect Replica Scale Level D (see 2.3)	106	
Stitches and Seams	Any seams open, puckered, distorted, pleated, twisted or irregular	107	
	Irregular stitching, loose or tight tension resulting in loose or tight seams	108	
	Skipped or runoff stitches, ends of stitching not secured	109	
	Thread breaks not mended	110	
	Visible mend, pleat or crease	111	
Construction	Any component part missing, omitted, damaged, full, tight, twisted or distorted	112	
	Any part caught in an unrelated operation or stitching	113	
	Any raw edges	114	
Shade	Shaded parts, any part noticeably shaded from the other parts or variation in shade within a part	115	
	Discoloration		201
	Component color not as specified	116	
Component parts	Not as specified	117	
	Any component misplaced, omitted or not attached correctly	118	
	Any component part shade not matching base fabric		202
Cleanliness	Any spot or stain clearly noticeable	119	
	Thread ends not trimmed or removed		203
	Odor affecting serviceability	120	
Workmanship	Distorted parts or poor workmanship	121	
	Any fullness, pleats, gathers or twists	122	
Labels	Omitted, incorrect, illegible, not attached/applied where specified	123	
Packaging	Not packaged in accordance with the contract or purchase order	124	

4.6 End item dimensional examination. The robes shall be examined for conformance to the dimensions specified in Table II. Any dimension not within the specified tolerance shall be classified as a defect. The lot size shall be expressed in units of robes. The inspection and the Acceptance Quality Limits (AQL), expressed in terms of defects per hundred units, shall be as specified in the contract or purchase order.

4.7 Component and end item testing. The finished robes shall be tested for the characteristics listed in Table V. The methods of testing specified in Table V shall be followed. All test reports shall contain the individual values utilized in expressing the final results. The sample unit shall be one (1) robe for all physical and chemical tests. The sample size shall be five (5) robes. The lot shall be unacceptable if one (1) or more sample units fail to meet any requirement specified.

4.7.1 Basic cloth. The basic cloth physical requirements as specified in Table I shall be verified by the test methods specified below in Table VI.

TABLE VI. Component testing for basic.

Characteristic	Requirement paragraph	Test Method
Weight	3.5.1 and Table I	ASTM D3776/D3776M Opt. C
Fabric yarn count	3.5.1 and Table I	ASTM D3775
Bursting strength	3.5.1 and Table I	ASTM D3787
Dimensional stability	3.5.1 and Table I	AATCC TM135 Table I, method 3, III, A, iii
Colorfastness: Laundering Crocking (Dry/wet) Perspiration (acid) Water	3.5.1 and Table I	 AATCC TM61 Opt. 1A 1/, 2/ AATCC TM8 3/ AATCC TM15 2/ AATCC TM107 2/
Shade	3.5.1 and Table I	4.7.2
Toxicity	3.13	4.7.3

1/ Laundering and drying conditions using Table I, method 3, III, A, iii.
2/ Rated using the AATCC EP1 and AATCC EP2.
3/ Rated using the AATCC EP8.

4.6.1 Visual shade matching. The color and appearance of the bathrobe shall match the standard sample when viewed using the AATCC EP 9, Option C, (see 6.5) with a primary light source simulating the spectral quality of average daylight, CIE Illuminant D65, with a color temperature of 6500 (± 200) Kelvin (K) illumination of 100 (± 20) foot candles. Alternatively, the color and appearance of the bathrobe shall match the standard sample with a primary light source simulating artificial daylight, CIE Illuminant D75, with a color temperature of 7500K (± 200) illumination of 100 (± 20) foot candles in lieu of D65. (See 6.5.1). The bathrobe shall also be a good match to the standard sample with a secondary source simulating the spectral quality of incandescent lamplight, CIE Illuminant A, with a color temperature of 2856K (± 200).

4.7.3 Toxicity test. When the toxicity requirement (see 3.13) can be demonstrated with historical use data on the finishing treatments used, toxicity testing may not be required. (See 6.7 and 6.9).

5. PACKAGING

5.1 Packaging. For acquisition purposes, the packaging requirements shall be as specified in the contract or order (see 6.2).

6. NOTES

(This section contains information of a general or explanatory nature that may be helpful but is not mandatory.)

6.1 Intended use. The bathrobe is a United States Military Academy (USMA) item. The robes are intended for wear by male and female personnel of the USMA.

6.2 Acquisition requirements. Acquisition documents should specify the following:

a. Title, number and date of this document.
b. Sizes required (see 1.2).
c. The specific issue of individual documents referenced (see 2.2).
d. When first article sample is required (see 3.1, 4.2 and 6.3).
e. Conformance inspection acceptance quality limits (AQL) (see 4.3).
f. When toxicity testing is required (see 4.7.1).
g. Packaging (see 5.1).

6.3 First article. When a first article is required (see 3.1), it will be inspected and approved under the appropriate provisions of FAR 52.209-4. The first article should be a pre-production sample. The contracting officer should specify the appropriate type of first article and the number of units to be furnished. The contracting officer should include specific instructions in all acquisition documents regarding arrangements for selection, inspection and approval of the first article.

6.4 Standard sample. USMA Standard Color and Shade samples are available upon request to USMA Directorate of Contracting, Contracting Officer for the respective contract or solicitation.

SUBJECT: Statement of Work for USMA Bathrobe

This is official request for the procurement of the United States Military Academy (USMA) West Point Cadet Bathrobe. All Bathrobes will be made in accordance with (IAW) Product Description WP-PD-24-01. Exceptions of this PD are illustrated in this statement of work below.

Total Number of Bathrobes required for a base year is 1,800 (+/-10%) to be delivered by March 1 of 2027.

Four Option Years Will require 1,800 (+/-10%) bathrobes to be delivered by March 1 of each option year.

For all Year Builds West Point Cadet Uniform factory will not supply fabric and components to vendors as Government Furnished Material. It will be the responsibility of the Vendors to supply their own Fabric and components. Vendors will use their own manufacturing label to replace “West Point Cadet Uniform Factory Label” for all years. West Point Cadet Uniform Factory will supply cutting pattern files and Finished Sample.

Sizes for bathrobes may vary depending on stock usage. West Point reserves the right to change the quantities of sizes per option year based on stock usage. The overall stock requirements of 1,500 (+/-10%) per year will not change. Below are the Annual Stock Requirements:

Quantity by size for base year and stock requirements: XS-100, S-400, M-700, L-500, XL-100.

52.212-1 ADDENDUM

INSTRUCTIONS TO OFFERORS-COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (Nov 2021)

All offerors interested in submitting a proposal for this requirement need to follow these instructions. If an offeror does not comply with these instructions, they shall be excluded from consideration of a contract award.

All offerors shall send a sample or samples of the cadet bathrobe for evaluation to Leslie Duron, MICC – WP, Building 681 Rogers Place, RM 100, West Point, NY 10996 by close of Solicitation date: **November 10, 2026 by 12:00 PM Eastern Time.**

The mailed sample must contain the following information:

Name of Company
Contact Name (First & Last)
Mailing Address, City, State, Zip Code, Direct Phone Number
Email Address
Shipper Account Number

Interested offerors are required to produce one cadet bathrobe in accordance with the attached specifications. This sample must be submitted with the offeror's quote by the closing date/time of the solicitation **on November 10, 2026 by 12:00 PM Eastern Time.**

These samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during pre-award testing.

The Government shall make one contract award therefore, if an offeror does not submit a sample of one (1) cadet bathrobe with their quote, they will not receive consideration for contract award. **The Government will not be liable for any lost or misdirected quote and/or samples.**

PLEASE EMAIL TRACKING NUMBER OF YOUR MAILED SAMPLE AND SOLICITATION TO leslie.a.duron.civ@army.mil

Additionally, the quotes must be uploaded in the Unison Marketplace (https://marketplace.unisonglobal.com) on or before the closing date: **November 10, 2026 by 12:00 PM Eastern Time** to be considered for award.

SUBMITTING ON UNISON:

Your quote may be disqualified if the pricing on your submitted SF 1449 does not match the pricing you enter directly into the Unison Marketplace portal.

If you have any questions, please contact Leslie Duron at leslie.a.duron.civ@army.mil.

52.212-2 Addendum

Evaluation – COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (Nov 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

Evaluations will be based on specifications provided by requiring activity and supporting documents provided by industry. Supporting documents shall be meet or exceed/Lowest price technically acceptable quote.

Interested parties shall submit product samples in order to be considered for award by the closing date of **November 10, 2026 no later than 12 PM Eastern Time.**

(b) Evaluation Criteria. Product samples. One (1) bathrobe required at or prior to the time specified for receipt of offers (see 52.212-1 Addendum). These samples shall be submitted at no expense to the Government. Samples will be evaluated in accordance with the evaluation criteria listed below. Evaluation criteria consists of factors. The quote will be evaluated under TWO (2) evaluation factors: Sample and Price.

The award will be made to the lowest priced technically acceptable quote/proposal. Quotes/Proposals will be evaluated for technical acceptability but will not be ranked using the non-price Factors (and Subfactors). In order for an Offeror to be considered for award, the quote/proposal must receive an "Acceptable" rating in every non-price Factor. A quote/proposal receiving a rating of "Unacceptable" in any non-price Factor will not be eligible for award.

Factor 1 – Sample. The Sample will receive a rating defined below.

TECHNICAL ACCEPTABLE/UNACCEPTABLE RATINGS

Rating	Definition
Acceptable	Proposal meets the requirements of the solicitation
Unacceptable	Proposal does not meet the requirements of the solicitation

An acceptable rating requires strict adherence to all robe specifications, encompassing materials, dimensions, color, and overall design. No material substitutions or design variations will be permitted.

Factor 2 – Price. Price will be scored or rated. Evaluation of price will be performed using one or more of the price analysis techniques in FAR 13.106-3(a). Through these techniques the Government will determine whether prices are reasonable.

Samples will be evaluated in accordance with the specifications attached in this solicitation. Only quotes utilizing the exact specified material will be considered. USMA will not provide manufacturing materials, and product substitutions of any kind are strictly prohibited.
